She sets an example for everyone around here.”

**Tamara Francois**

Ms. Francois was nominated by colleague Laronda Abney. The nomination stated “ Ms. Francois works hard to make learning easy and fun for her students. She goes our her way to help students who have difficulties understanding subjects. The most important qualities of a good teacher include understanding, patience, and passion. This is the role that I see for Ms. Francois. She represents teacher qualities and make education better for her students. Sometime we forget the impact that teachers have on students. Schools are busy places, and teachers are busy people, so it’s not surprising that sometimes we miss out on chances to stop and reflect upon the influence that we wield over the young people in our care. Ms. Francois is a team leader and she impacts many new beginning teachers.”
